AECOM's (Whirlpool's VAP Certified Professional) site walk-over is scheduled for tomorrow afternoon. No sampling will be undertaken; that will be done pursuant to an approved work plan.

Thanks Wray,

In light of this, can you please keep me informed of the potential visit dates and times so I can arrange my schedule (or have Whirlpool's consultant contact me)

Thanks,

Good evening. I am happy to report that late this afternoon Whirlpool and Grist Mill Creek, the current owners of the former "Whirlpool Park" property, entered into a Site Access Agreement. Whirlpool expects to have its consultant conduct a site visit perhaps as early as Tuesday. Whirlpool will then draft a sampling work plan for EPA's review. Whirlpool also will be working closely with Grist Mill Creek's consultant throughout the investigation.
